## MESSAGE BY

*Mr Phillip Tan*

### CHAIRMAN OF COMMUNITY CHEST

Community Chest Awards 2020 is a special one. Not only are we recognising the corporates and individuals who gave their time, talents and treasures in 2019, we also want to give special thanks to everyone who partnered Community Chest and the National Council of Social Service to offer support at the start of the COVID-19 pandemic - whether in the form of monetary donations towards COVID-related funds like The Courage Fund, The Invictus Fund and the IMDA Digital Access Programme or donations-in-kind. The instinct and determination to render help in the face of a crisis were heartening, and exemplify a community spirit that we want to celebrate and inculcate amongst Singaporeans. This year, a special Community Spirit Award will recognise this.

Now, more than ever, we also want to extend our heartfelt gratitude towards the corporate partners, individual givers and volunteers who have been on this giving journey with us. Your efforts thus far have enabled us to provide sustained and meaningful support to empower our service users, and your continued partnerships with us in the future will be critical in ensuring that this ecosystem of care remains strong, even with unknown challenges ahead.

My heartiest congratulations to all the award recipients. Your generosity and work have transformed and impacted the lives of our service users in profound ways. As we continue to strive towards our vision of building a caring and inclusive society where every person can live with dignity, we look forward to journeying with you to catalyse more partnerships and opportunities for holistic caring. Together, our collective impact will be augmented.

## EMPOWERING LIVES

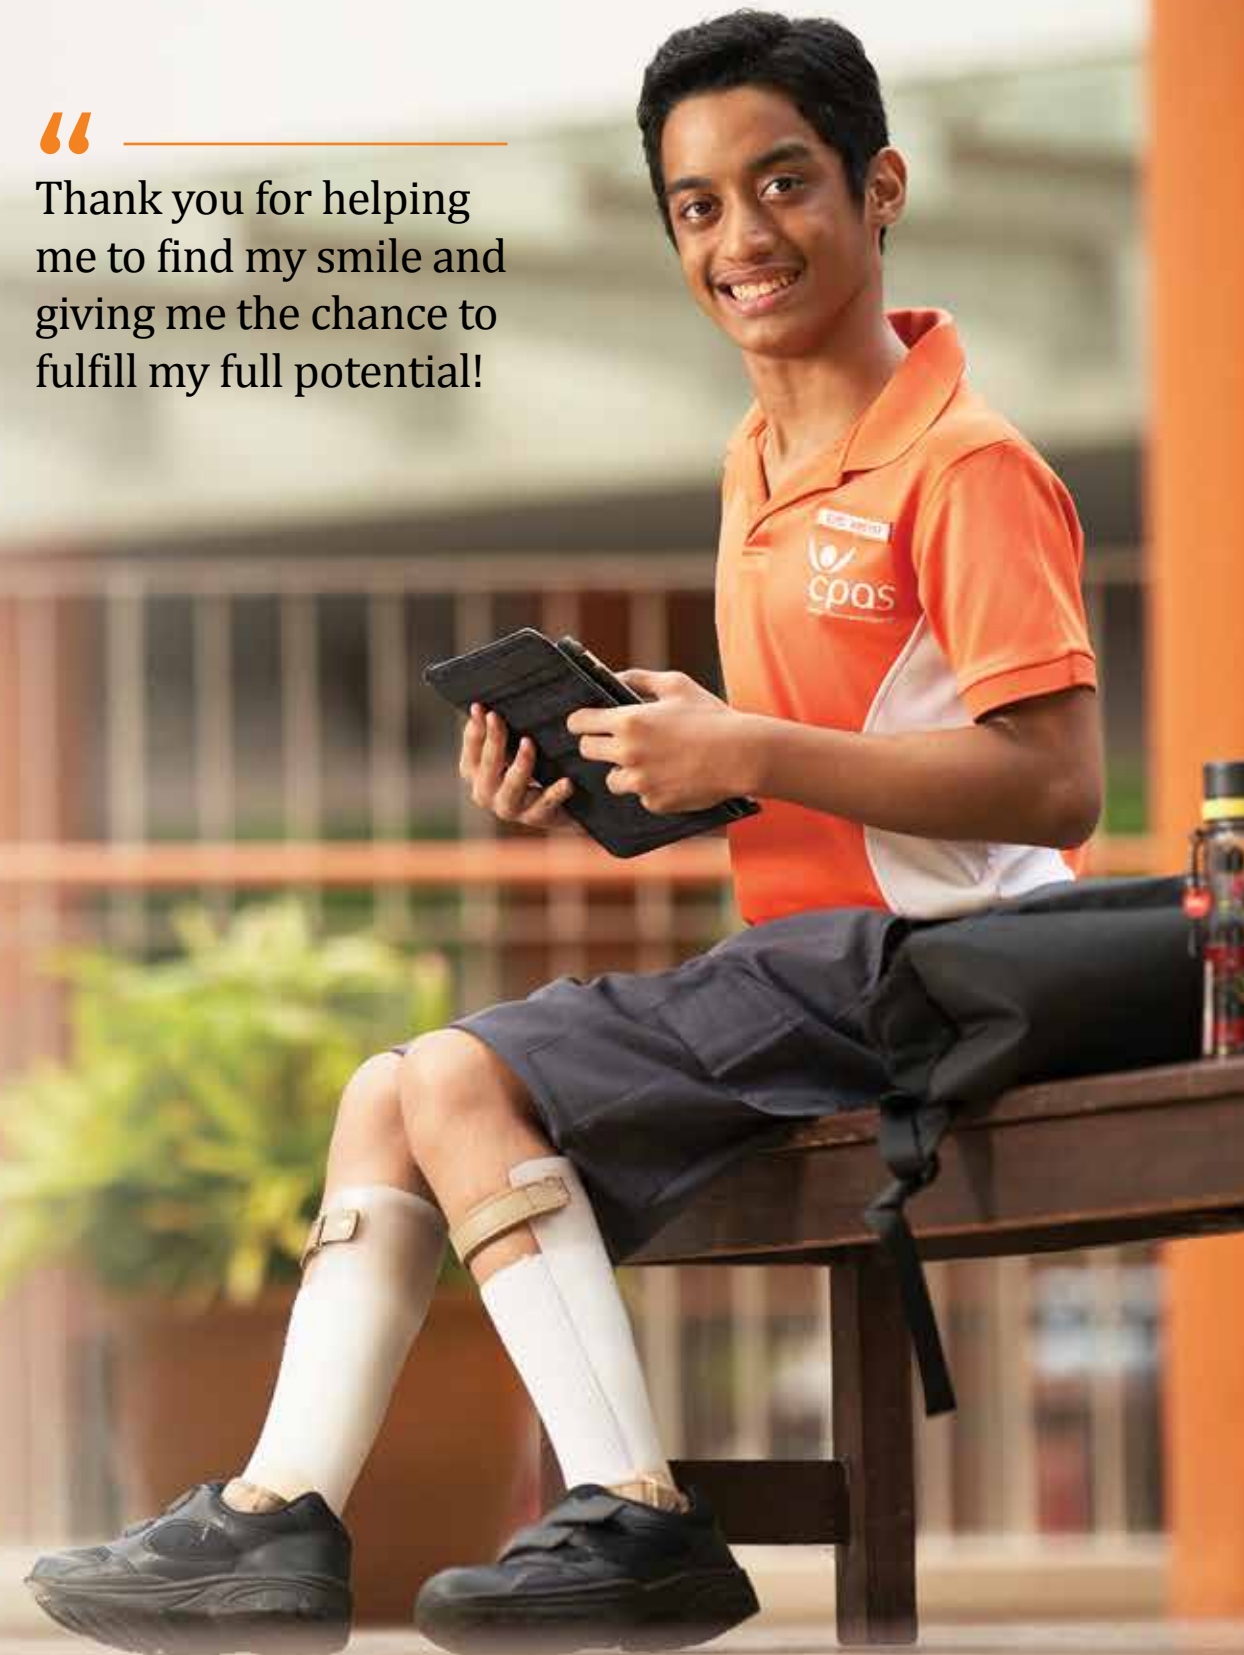

# With Care

*At Community Chest, we collaborate with like-minded partners to create platforms for our social service users to contribute their talents and abilities. Through your gifts of time and resources, the less fortunate are presented with opportunities to pursue their dreams and fulfil their potential.*

**Mr Syed Amsyar bin Ahmad Alhamid,**  
*a student with CPAS School*

Since young, Amsyar experienced delayed motor development, a result of being diagnosed with spastic diplegia at birth as he was born prematurely at 32 weeks. In Amsyar's early years, he had difficulties standing, walking and communicating. His parents enrolled him in Cerebral Palsy Alliance Singapore (CPAS) School, and it was a turning point for Amsyar. His speech, mobility, writing and texting skills improved tremendously due to the support provided by trained Teachers, Speech & Language Therapists, Physiotherapists and Occupational Therapists. His mobility skills improved from using a kaye walker to walking independently, and gaining the ability to converse in public further elevated his confidence. Now, Amsyar enjoys helping his teachers, from running errands for school staff to pushing his classmates on wheelchairs. He is brimming with potential and Amsyar's parents and teachers are confident that with the continued support from the community, Amsyar would eventually be able to commute independently and secure a suitable job upon graduation from school.

“  
Thank you for helping me to find my smile and giving me the chance to fulfill my full potential!

# BUILDING A COLLABORATIVE, IMPACTFUL *Ecosystem*

*In building an inclusive community, the people, public, and private sectors have joined hands to make a powerful difference. With the unwavering support of all our partners, Community Chest is able to serve the evolving social needs of our service users. This year, the COVID-19 pandemic has shone a light on the indomitable spirit of Singaporeans, as we rallied around the most vulnerable amongst us during this unprecedented, challenging time.*

## **Mr Kamsan Amin and his family**

*former clients of South Central  
Community Family Service Centre*

Diagnosed with Stevens-Johnson syndrome (a rare, serious disorder of the skin and mucous membranes) that eventually robbed him of his sight, Mr. Kamsan Amin was dealt a hard blow in life that only worsened as he found himself struggling to provide for his three children as a single parent. Despite the harsh reality of his situation, Kamsan remained positive and concentrated on his goal of providing them with an education. He lived simply, in order to afford laptops and other gadgets that can assist and motivate his children in their studies. Together with the support of teachers and financial assistance from South Central Community Family Service Centre, his children thrived. Today, his eldest daughter is a diploma holder, while his son and youngest daughter study Chemistry at the National University of Singapore. To Kamsan, his goal has been realised. "I hope my children can be professional, not just in their work, but also in their way of life, and give back to the community," he adds.

## WORKFORCE SINGAPORE

A statutory board under the Ministry of Manpower, Workforce Singapore (WSG) is an organisation concerned with the creation of quality jobs across various work sectors, the provision of manpower support, and keeping workers employable in our current economic climate. Over the years, WSG has consistently shown its support for Community Chest with its involvement in the SHARE programme. This year, despite the COVID-19 pandemic, its employees were not deterred from continuing to support the programme. Aware of the impact that the pandemic would have on the lives and livelihoods of vulnerable communities, the Chief Executive of WSG, Mr Tan Choon Shian made a special call-out to its employees during a staff event in early 2020 and urged them to increase their current contribution in the SHARE programme. To do so, staff simply had to scan a QR code to indicate the additional amount that they would like to contribute. The ease of use led to the desired result of staff donating above and beyond their current contributions, resulting in an overall increase in the company's monthly SHARE contribution. On top of being an advocate of Community Chest's monthly giving programme, WSG also conducted an internal online charity auction, where staff gave generously to beneficiaries with special needs. With a belief that it is especially crucial for an organisation like it to provide support for our vulnerable communities especially during this pandemic, WSG has pledged steadfast support to Community Chest and its current and future initiatives.

“  
*Workforce Singapore (WSG) actively supports the Community Chest SHARE programme as we resonate strongly with the notion of sustained giving. Helping to build a caring and inclusive society is instrumental to what we do here at WSG and we are happy to be able to do our part as a fellow statutory board in Singapore, let alone in this time of adversity.*

**Ms Serene Chiang**  
Director, Human Resource

## RAFFLES HOTEL SINGAPORE

Raffles Hotel Singapore shares a longstanding relationship with Community Chest spanning decades. An iconic global symbol of hospitality that is synonymous with Singapore for over a century, Raffles has cultivated a strong sense of social responsibility among its colleagues to contribute to the community regularly. Following this National Monument's reopening in late 2019 after a two year-long second restoration, it continued its partnership with Community Chest with the aim to bring the Singapore community even closer to its heritage through the Raffles Reopening Festival, with proceeds from its ticket sales going towards the 80 social service agencies supported by Community Chest. A total of \$1 million was donated to Community Chest, with \$600,000 raised from the Reopening Festival and a further \$400,000 raised from a private silent auction. Raffles Hotel Singapore also runs a regular Raffles Outreach Program to spread cheer to the vulnerable groups, where hotel colleagues visit community homes, hospitals, old age homes and orphanages to deliver festive cheer and organise outings for the service users. Despite being in an industry heavily impacted by the COVID-19 pandemic, Raffles Hotel colleagues remain committed to caring for vulnerable groups, with a strong belief that their efforts are more needed now than ever.

“  
*It is our vision to stay relevant to the needs of our community, including that of the vulnerable. Raffles Hotel desires to be as rich in our giving spirit, as we are in our heritage and we will continually seek to add value through our collaborations with Community Chest.*

**Mr Christian Westbeld**  
General Manager

## REAL ESTATE DEVELOPERS ASSOCIATION OF SINGAPORE (REDAS)

Established in 1959, the Real Estate Developers' Association of Singapore (REDAS) strongly believes in its civic duty to give back to Singapore by meeting the needs of the underserved. REDAS had organised fundraising golf tournaments before moving on to set up the REDAS Foundation in 2013, with the purpose of providing support for social service agencies through the funding of their community programmes and activities. The company further boosted their giving efforts in 2019 by supporting the KidSTART programme, an initiative that benefits children from low-income families. Recently, in light of the COVID-19 pandemic, REDAS initiated the REDAS Solidarity Project Fund that sought support from its members to extend their care and appreciation for the nation's dedicated frontline workers, specifically those in the healthcare and built environments. Funds raised were donated in-kind as gift vouchers to some 22,000 healthcare workers, while a total of 200,000 care packs and 800 standings fans were distributed to migrant workers. The strong show of support by members of the real estate fraternity towards all facets of society affected by the pandemic exemplified the organisation's leadership in times of crisis, as well as the true embodiment of community spirit.

REDAS is a recipient of the Charity Platinum and Community Spirit Gold Awards

*The REDAS fraternity has had a sustained practice of contributing to society by giving back regularly throughout the years. As such, the Association stands in solidarity with Community Chest in their mission to uplift the lives of the underserved, and looks forward to enabling more beneficiaries in leading meaningful and dignified lives through this partnership.*

**Mr Chia Ngiang Hong**  
President

## SINGAPORE PRESS HOLDINGS LIMITED & SINGAPORE PRESS HOLDINGS FOUNDATION

Singapore Press Holdings (SPH) has continually been a source of support in more ways than one. Besides strong contributions to the SHARE programme, the company also leveraged its position as a key player in the media industry to provide editorial support for Community Chest's programmes and fundraising initiatives over the years. This has helped to generate awareness in the larger community, on the needs of the underserved amongst us and in turn, encouraged more to come forward to give and do good.

To commemorate its 35<sup>th</sup> anniversary celebration, SPH launched the Double The Love initiative in 2019, where public donations to Community Chest's funded programmes were matched dollar-for-dollar by SPH and SPH Foundation. Through the extensive reach of its media assets of print, radio and digital platforms, SPH amplified the publicity for the campaign and rallied donations far exceeding expectations. The campaign concluded with a total of \$426,000 raised to support service users in 21 of Community Chest's supported programmes. Dedicated to its purpose of fostering a culture of giving within our community, SPH has pledged to continue to educate and inspire the people, public and private sectors to give back to those in need, tapping on their expertise and network in the local media industry.

SPH is a recipient of the Enabler, Charity Platinum and Community Spirit Gold Awards

*Singapore Press Holdings and Singapore Press Holdings Foundation are committed to enriching the lives of our community with our active corporate citizenry. At the same time, we also leverage on the power of our media platforms to highlight the challenges faced by the vulnerable among us, and to inspire a culture of giving in Singapore.*

Chief Executive Officer

## PAN PACIFIC HOTELS GROUP

Pan Pacific Hotels Group is a recipient of the Volunteer Partner Award

The Pan Pacific Hotels Group (PPHG) has been in partnership with the National Council of Social Service (NCSS), since the joint launch of the Eat Well With Us programme in 2015. As part of PPHG's corporate volunteerism effort, the inaugural community outreach programme saw its senior chefs conduct regular visits to four charity homes AWWA Senior Community Home, Bright Hill Evergreen Home, Melrose Home Children's Aid Society and Singapore Cheshire Home to impart their culinary skills and recipes to the resident cooks, so that they could recreate healthy and tasty dishes for its 600 residents. Over the past three years, employees from the company also volunteered their time visiting and serving the residents at festival occasions.

The initiative was given a new lease of life in 2019, when Unilever Food Solutions (UFS) and Mount Alvernia Hospital came onboard the programme, which led to an enhanced outreach to over 4,000 residents in 20 charity homes island-wide including Sree Narayana Mission Nursing Home, Society for the Aged Sick and Bishan Home for the Intellectually Disabled. The success of the Eat Well With Us programme was made possible through the sponsorship of a central kitchen facility by UFS, as it enabled PPHG's chefs to expand on the culinary training provided. Additionally, under the guidance of Mount Alvernia's nutritionists, the chefs were empowered to design modules and develop improved, nutritious recipes for their culinary workshops, which in turn, benefitted the resident cooks and residents of the charity homes. The giving of PPHG's time and talent through this collaborative hands-on effort is a testament to the commitment they share with Community Chest, towards building a caring and inclusive community.

“ Pan Pacific Hotels Group (PPHG) believes that corporations have a role to play in meeting community needs. We understand that through the collective efforts of our associates, guests, partners and owners, we can meaningfully and positively impact our vulnerable communities and the environments we operate in.

**Ms Wee Wei Ling**  
Executive Director,  
Sustainability Partnerships,  
Lifestyle & Asset

## LAZADA SINGAPORE PTE LTD

Lazada Singapore is a recipient of the Enabler and Charity Silver Awards

Leading e-commerce platform Lazada Singapore embarked on its first-ever partnership with Community Chest (also the company's first with a non-profit organisation) in late 2019 with the launch of the latter's digital fundraising initiative, Add A New Story. Taking full advantage of its digital assets, Lazada amplified the publicity efforts for Add A New Story by providing substantial media support on its social media and e-commerce platforms, which command a large following and traffic volume respectively. Additionally, they leveraged key shopping dates like 11.11 and Black Friday during the shopping season in November and December to encourage year-end giving amongst its users. The partnership also attracted media coverage in various print and online media spaces that helped further bolster campaign efforts. Having explored fundraising within the digital space with Add A New Story, the partnership inspired Lazada to commemorate their 8th anniversary with Community Chest in March 2020 with a fundraising campaign of their own, in which it pledged to dollar-matching for all donations, up to \$100,000. Through this impactful partnership, Community Chest has been able to leverage Lazada's extensive reach in the e-commerce space to reach out to new donors through meaningful and unique digital engagements.

“ Helping society progress is at the heart of what Lazada aims to achieve. By tapping on our high traffic and customer base in the digital atmosphere, Lazada is confident in building awareness for the less fortunate and rallying the public to give. There is much potential to explore within the e-commerce space and we are excited to provide Community Chest with this opportunity whilst caring for the community at the same time.

**Ms Ting Ting**  
Chief Marketing Officer

## DBS BANK LTD

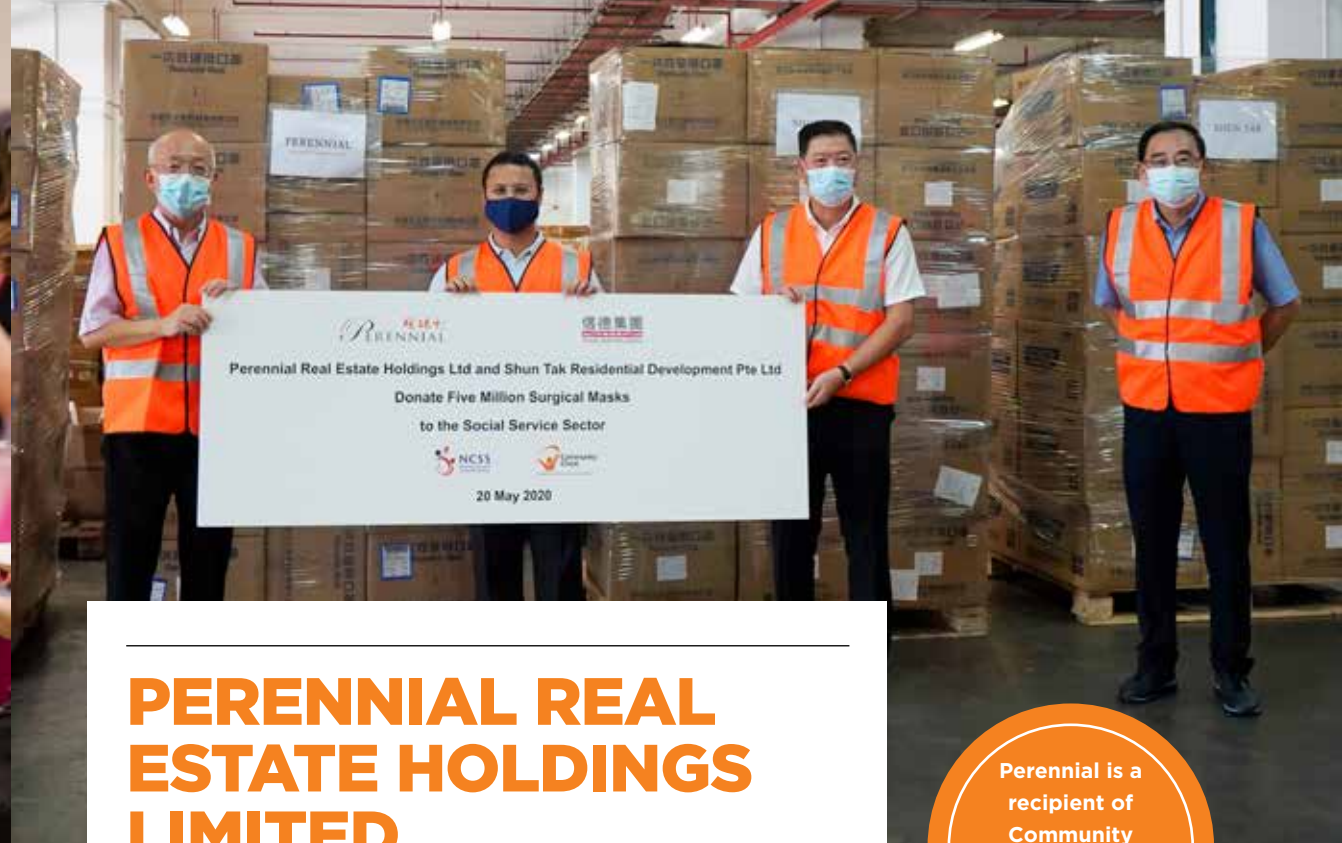

As the former Development Bank of Singapore, DBS is a strong proponent of volunteerism amongst its staff, and has built an infrastructure to engage and encourage employees to give back with their time and expertise through its People of Purpose employee volunteer movement. Over the years, the People of Purpose program has encompassed multiple diverse volunteering initiatives in support of Community Chest. This year, the COVID-19 pandemic challenged DBS to find new and innovative volunteering formats amid social distancing restrictions, which resulted in the roll out of Singapore's largest virtual befriending volunteer initiative with Lions Befrienders, where tablets donated to the elderly beneficiaries enabled them to connect remotely with DBS' staff volunteers. This initiative helped alleviate feelings of loneliness amongst vulnerable seniors as they participated in meaningful interactions with staff, including online games and singalongs. Apart from volunteerism at an institutional level, DBS also encourages its employees to initiate ground-up programmes of their own to mobilise their fellow colleagues, while senior management often lead by example by fully utilising their two-day volunteer leave each year. This has resulted in a multiplier effect, with volunteerism becoming an integral part of staff culture. The championing of active volunteerism on top of corporate giving demonstrates DBS' devotion to nurturing inclusivity within the larger community.

DBS Bank is a recipient of the Volunteer Partner and Charity Platinum Awards

*As the former Development Bank of Singapore, we have always had a mission bigger than ourselves. That DNA to be purpose-driven in all that we do continues to guide us, especially in our approach to corporate giving and employee volunteerism. As Covid-19 has exacerbated many challenges faced by the more vulnerable in our society, DBS remains committed to deepening our engagements with the Community Chest to ensure that we can all emerge from the pandemic stronger together.*

Country Head

## PERENNIAL REAL ESTATE HOLDINGS LIMITED

Local integrated real estate and healthcare company, Perennial Real Estate Holdings Private Limited, was founded in 2009 by its Chief Executive Officer Mr Pua Seck Guan, who attributes the success he has achieved thus far to the financial assistance afforded to him in the form of scholarships and bursaries when he was a student. This helped shape the company's philanthropic beliefs of providing support to vulnerable groups to help them achieve their full potential. This year, at the onset of the pandemic, Perennial partnered Hong-Kong listed company, Shun Tak Holdings Limited to leverage its global connections and make a substantial in-kind donation of essential supplies. Five million masks, of which three million was donated by Perennial, were distributed to various community homes led by social service agencies that helped care for vulnerable seniors and children, as well as individuals with disabilities and rough sleepers. Perennial's swift action to give back to the community amidst growing economic uncertainties at the start of the pandemic was testament to the company's resolution to render help wherever it could.

Perennial is a recipient of Community Spirit Platinum and Charity Gold Awards

*Perennial is pleased to partner the Community Chest to help many of the vulnerable communities that span from the young, to the aged and individuals with disabilities. It is our privilege to be able to serve those often overlooked within our community during this challenging time.*

## LOGO DESIGN and Rationale

*The Community Chest Award recognises people and organisations as the stars of caring and sharing. The logo design consists of a star made up of people and organisations raising their hands together, working hand in hand to help people in need of support. The refreshed logo also takes inspiration from the Community Chest logo. The head and open arms, which is derived from the Community Chest logo, represents continuity and showcases how each individual has a part to play in social service. The five points of the star represent the five categories of awards and recognise the winners as stars in their own rights.*
