Making a difference through a gift in your Will.

WHAT IS LEGACY GIVING?

Legacy Giving is the practice of creating a lasting impact by including a gift in your Will. It is inclusive and accessible to everyone, irrespective of their wealth, allowing anyone to leave a meaningful legacy.

Your generous contribution will provide essential support to address the urgent needs of the social service sector, including children with special needs and youth-at-risk, adults with disabilities, persons with mental health conditions and seniors and families in need of support.

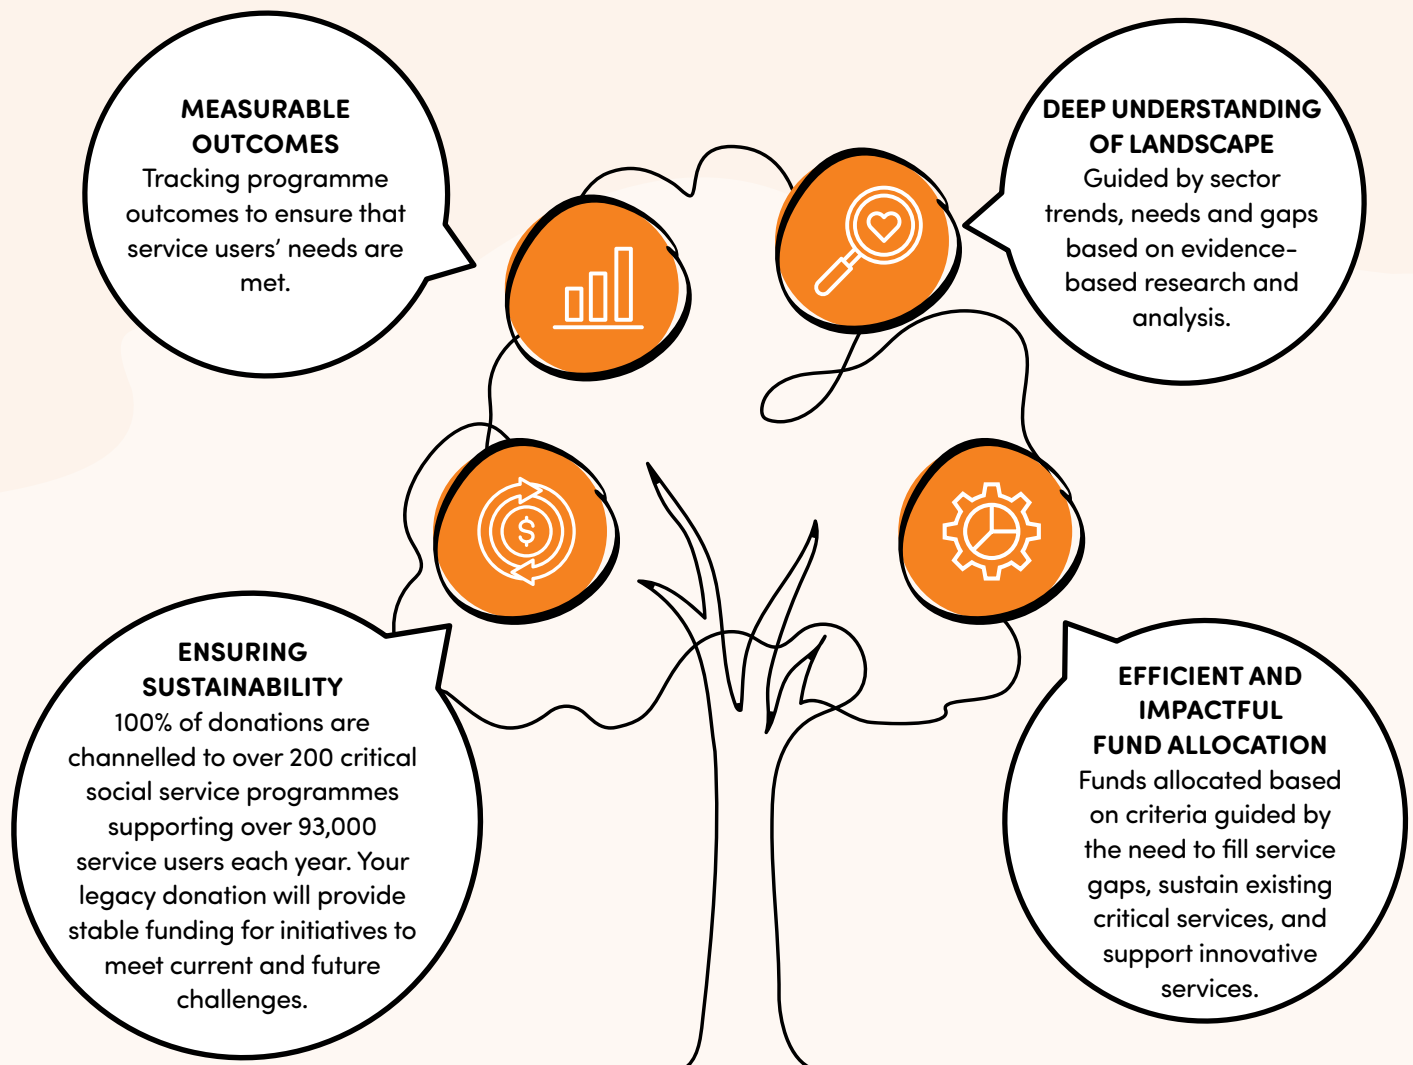

WHY LEGACY GIVING?

In Remembrance of a Loved One: One can pay tribute to the memory of a cherished individual by endowing a gift in their honour. This contribution will leave a meaningful and enduring legacy for future generations in their name.

Weaving Charitable Giving into Estate/Succession planning: A meaningful way to contribute and make a difference is by including a gift to support a cause you hold dear, ensuring that your values live on through your legacy.

WHY CHOOSE COMMUNITY CHEST FOR LEGACY GIVING?

As social service needs continue to evolve, the need to fortify the sector's capabilities for addressing future challenges has never been more crucial. With an unwavering legacy of over 40 years, Community Chest serves as **a trusted gateway**, directing resources to where they are needed most and making an indelible impact.

WHO WILL MY GIFT SUPPORT?

100% of your contributions goes towards empowering the lives of:

Children with special needs and youth-at-risk

Adults with disabilities

Persons with mental health conditions

Families in need of assistance

Seniors in need of support

Your legacy gift will go to supporting over 200 critical social service programmes, empowering service users like Lucas, Emilia and Mdm Thilagarani.

LUCAS ONG

Client of APSN (an agency supported by Community Chest)

Meet Lucas, avid dancer and student at APSN Chaoyang School which provides special education, vocational training and employment support services for individuals with mild intellectual disability.

Diagnosed with mild intellectual disability and Autism Spectrum Disorder from age 2, Lucas has since picked up emotional management and communication skills as well as some nifty dance moves through the Autism Structured Programme at APSN Chaoyang School. With the support of his family, teachers, and therapists, Lucas has developed into a helpful, friendly, and respectful boy.

EMILIA BINTE MOHAMED

Client of SPD (an agency supported by Community Chest)

Emilia suffers from cerebral palsy and is unable to live independently due to delayed development, mobile disability, and speech impairment. She is fully dependent on others for all her daily living activities and is unable to verbally communicate.

With the support from SPD, Emilia enrolled in their Day Activity Centre (DAC), which has arranged specialised transportation services funded by Community Chest. She attends DAC daily where she is engaged in activities aimed at maintaining activities of daily living through sensory play activities and assisted ambulation exercises.

MDM THILAGARANI D/O AYAVU

Client of Singapore Indian Development Association (SINDA) (an agency supported by Community Chest)

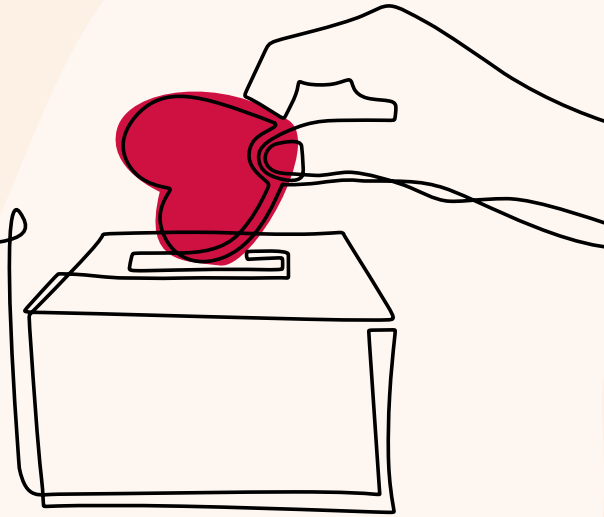

Mdm Thilagarani conceived her daughter Sakthi at age 44. Due to her advanced age during the conception, she was diagnosed with high blood pressure which subsequently led to kidney failure. The need to undergo long-term dialysis thrice a week, along with her husband's medical condition, has prevented them from pursuing full-time employment.

SINDA's Family Service Centre helps Mdm Thilaga cope with her challenges through counselling, job placement support, transport to treatments, and the family's daily essentials. With the support, Mdm Thilaga and her husband have been able to remain positive and maintain a supportive and nurturing environment for their daughter.
