**Class:**

**School:**

## Care for the environment

On your next shopping trip with mum or dad, reduce plastic waste by bringing your own reusable bag.

Grow your own plant at home.  
(HINT: Try beans!)

\*Read a book about climate change and write a book report on what you can do to help save the Earth.  
(TIP: Share what you've learnt with your friends!)

## Care for society

Tell a friend something nice about him or her.

\*Write a thank you note to an adult in school that you appreciate.  
(TIP: It's not just your teachers. Other staff, like your school cleaners, would love to hear from you too!)

Help your mum or dad with an extra household chore.  
(HINT: Sweeping the floor is really easy!)

## Care for an inclusive community

Play a game or spend your recess with a schoolmate you've never talked to before.

Save up some pocket money and make a small donation to charity.  
(HINT: Many supermarkets have donation boxes near their cashiers!)

\*Pick a disability (e.g. hearing impairment), research what it's like and share your findings with your parents, teachers, and/or friends.  
(TIP: If you know someone with the disability, it never hurts to ask. Just remember to be polite!)

## INSTRUCTIONS

Colour in ★s for each complete task. For tasks marked with an asterisk (\*), ask mum or dad to help take a photo or video. Once you've earned at least 15 ★s, ask mum or dad to sign this card and submit to Community Chest to win 6 Sharity Star Enamel Pins and a certificate of achievement!

## Care for the elderly

\*Write a letter or draw a picture for an elderly family member.  
(HINT: It can be your grandpa or grandma. But your aunts and uncles would appreciate it too!)

Play a game with an elderly family member or neighbour.  
(TIP: Ask him to teach you something new, and you can teach him something too!)

\*Ask an elderly family member or neighbour about his childhood. Then, create an awesome present by writing it into a story!

# CARE DEEPLY SHARE FREELY
